

# Tasting Room Crew

Bainbridge Vineyards is looking for an outgoing and passionate person to join our tasting room team. We are proud of our farming practices and the wine we create entirely with grapes grown on the property. The tasting room crew is responsible for sharing our unique story with customers while providing a welcoming and comfortable environment. If you are interested in cool climate wines and local food systems this is an opportunity to learn and engage with community.

## About Us

At Bainbridge Vineyards, we are passionate about creating wine from the ground up. As a small, woman-led vineyard and winery, we've been growing grapes and making wine exclusively from our certified-organic vineyards since 2013. Located on 40 acres of shared farmland, we tend to rare and elegant varietals that thrive in the Puget Sound. We are the first Certified B Corp winery in Washington State, meeting high standards valuing social and environmental impact. We hand tend 8+ acres with the goals of caring for the earth in a sustainable way, promoting a healthy work- life balance, and creating a welcoming atmosphere for our local community. Our tasting room is open 4 days per week, afternoons on Thursday through Sunday.
